

PAWINA CHANTHACHON

FRONTEND DEVELOPER

Bangkok, Thailand | pawinachanthachon@gmail.com | pawina-portfolio.netlify.app/

PROFILE

Frontend Developer crafting clean, expressive, and high-performance user interfaces. I specialize in translating visual ideas into scalable React and Next.js applications, with strong attention to layout, motion, and usability. I enjoy building products where design and engineering meet, and I'm continuously refining my approach to modern frontend architecture.

PROFESSIONAL EXPERIENCE

Frontend Developer — Freelance / Independent Projects

Bangkok, Thailand | Mar 2022 – Present

- Design and develop modern web interfaces using React, Next.js, Tailwind CSS, and JavaScript
- Build reusable components and UI patterns with a focus on clarity and scalability
- Implement interactive features and lightweight animations to enhance user experience
- Develop internal tools and client-facing pages with performance and accessibility in mind
- Collaborate on landing pages and digital content improvements, contributing to higher engagement

PROJECTS

Alt Architects — Architecture Studio Website

A minimalist, editorial-style website inspired by architectural portfolios.

Focused on layout precision, typography hierarchy, and subtle motion to create a calm, premium browsing experience. Fully responsive with smooth transitions across sections.

Rouge Amsterdam — Event Website UI

A bold event website concept emphasizing strong visual hierarchy and grid-based layouts.

Designed to handle dense content while maintaining clarity, rhythm, and fast performance across devices.

AI Learning Graph — Interactive Web Tool

An interactive learning interface that visualizes topics and progress in a clear, structured way.

Explores dynamic UI states, user flow, and data-driven layout updates to support learning clarity.

Billlyy Invoices — Web Application

A no-login invoicing tool designed for speed and simplicity.

Focused on usability, clear information hierarchy, and instant PDF generation with accessibility-conscious design choices.
